## EXPERIENCE

**Full Stack Web Developer | UI | UX** – Full-time – Hybrid – [Period: Jan 2025 – Present]

- Full Stack development of responsive, performance-optimized web applications, ensuring a superior user experience (UX) from front-end to back-end.
- Implementation of dynamic interfaces using JavaScript (ES6+), React, and TypeScript, ensuring cross-browser compatibility and efficient integration with RESTful APIs.
- Architecture and development of robust back-end systems using Java and Node.js, with data modeling and persistence in MySQL and NoSQL databases according to project technical requirements.
- Continuous performance optimization, applying best coding practices and clean code principles to ensure scalability and maintainability, as well as the use of design patterns when appropriate.

**Project Development Manager** – Full-time – Remote – [Period: Jun 2024 – Dec 2024] – *Desconto Urbano*

- Operations and Logistics Optimization: Analysis and optimization of routes and operational processes, applying logical and analytical thinking to increase field efficiency.
- Partnership Expansion and Support: Responsible for onboarding and supporting 20+ new partners, acting as a point of contact between business needs and operations.
- Agile Demand Management: Continuous management and prioritization of the production backlog, ensuring deadline-driven delivery of critical demands.

**IT Intern** – Full-time – [Period: May 2022 – Dec 2023] – *Municipal Department of Education, Inclusion, Science and Technology of Saquarema*

- Automation of internal workflows and data organization using Python scripts, Google Sheets (Advanced), and Google Apps Script, optimizing manual processes.
  - Team collaboration, providing support in software and connectivity troubleshooting.
- 

## EDUCATION

- Bachelor's Degree in Information Systems – Fluminense Federal University (UFF) – *Expected: 2026*
  - Technical Degree in Administration – Technology Support Foundation (FAT) – *Completed: 2025*
- 

## TECHNICAL SKILLS
